

How to build a home

George Clarke

BOOK TALK CARDS

ABOUT THE BOOK

Get designing and building with architect and TV presenter George Clarke. Discover the stories behind our homes!

OUR THOUGHTS

"My favourite book of this series, with lots of fascinating facts about designing and building homes. It nurtures the hidden architect in the reader and is full of inspiring information to encourage new ideas."

YEAR
3

THEMES:

- Buildings
- Design
- Materials

TIME TO TALK

- 1 If you could design your own home, what shape would it be, what materials would you use and where would you build it?
- 2 If you could design a multi-storey building, what would you have on each floor to make it spectacular?
- 3 When building a house, which member of the team is the most important and why? Which of the jobs appeal to you?
- 4 How has the use of building materials changed over the years? Which materials are the strongest?
- 5 Think about your own home, how would you re-design it? Are there any rooms you would keep the same? Which room or space don't you like at all and why?
- 6 What is the purpose and benefits of using a 3D printer in home building?
- 7 What is an eco-friendly house? What ideas could you implement to make your house eco-friendly?
- 8 What future technology would you like in your house to make life easier?
